# LightwaveRF Plc

(AIM: LWRF)

## Additional UK Distribution

LightwaveRF Plc ("LightwaveRF" or the "Company"), the creator of the LightwaveRF Smart Home Platform and products for the Internet of Things enabling households and businesses to remotely operate and control lighting, power, heating and security using smartphones, tablets, PC and MAC applications, today announces it has agreed a memorandum of understanding with Deta Electrical whereby Deta Electrical will become LightwaveRF's UK distributor for the new house build market.

Deta will distribute an OEM range of LightwaveRF controlled sockets, switches and mood lighting to complement their existing range. They will also sell the LightwaveRF heating products. Deta are a supplier to many of the leading UK new build home developers.

**Commenting Mike Lord Chairman and CEO said:** "Deta are a rapidly growing force in the new house build sector and we are delighted to have partnered with them in the design and manufacture of this discreet range of Deta products."

**Gerry Barnett Deta's Managing Director added:** "We have been very impressed with the LightwaveRF technology and build quality. The integration of the LightwaveRF technology into our wiring accessory ranges will enable Deta to deliver a scale-able Smart Home solution to this important market sector."
